FLYING IN THE U.S./Canada
by
Mountain Living Magazine

Telluride Regional Airport sits atop Deep Creek Mesa and is *North America's highest commercial airport*. At 9,070 feet above sea level, the airport offers picturesque views of the San Juan mountains. And now - getting to Telluride has never been easier.

Direct and connecting **AIR SERVICE** is provided by Great Lakes Airlines and U.S. Airways Express through **Denver** and **Phoenix**.

Commercial Airline Services

Telluride is easily accessible by way of the Telluride Regional Airport, located only seven miles from the Towns of Telluride and Mountain Village. The Airport is served by the following airlines.

DENVER INTERNATIONAL AIRPORT (DIA).

Making reservations at least two weeks in advance is always an advantage when looking for the best prices and schedules.

PHOENIX SKY HARBOR INTERNATIONAL AIRPORT (PHX)

Fly through an airport that's sunny 350+ days a year. Sky Harbor's terminals offer many amenities

Ask for fares from your departure city to Telluride (this is called a pass-through fare) or prices from Denver - Telluride round trip and compare the prices. Frontier Airlines also provides meeting and convention fares from all their U.S. cities connecting in Denver with Great Lakes Airlines to Telluride. US Airways/America West operates flights from Phoenix to Telluride.
