2024 Proposed Budget – Presentation

Kenny Maenpa presented the proposed 2024 Operating and Capital Budgets. He stated that 2021 and 2022 were record revenue years at TEX. 2023 is tracking 20% less in overall revenues or more "normal". Interest income is up for 2023, 2 accounts are now earning 5.2% - the Savings and Tax Rebate accounts. Operating:

 The 2024 Operating Budget plans for a 7.2% increase in overall revenues over the budgeted Operating 2023 revenues.

- The current net cash flows, in comparison to the 2023 budgeted amounts, show FBO revenues are down 9%, Terminal revenues up 7%, Airside revenues down 5% and Administration expenses are flat. Jennifer Vogel asked about the flattening out of revenues. Kenny relied that the YTD 2023 revenue is still ahead of 2019. During COVID, people moved to Telluride, stayed, and are working from here, flying in and out, upgrading to larger aircraft, and that was reflected in the 2021 and 2022 revenue increases.
- 2023 reflects a more level, but still growing, local economy. The proposed 2024 Operating Budget is very conservative and reflects the anticipated revenue adjustments.

Air Service Update - Matt Skinner stated that dry weather is postponing the ski area opening, but business in town is good. There was discussion of Telluride, other ski resort areas and trends.

There was discussion on fuel pricing strategies.

Kenny reported that we are on track to meet the 10,000-enplanement threshold for 2023.

The proposed 2024 Capital Budget includes 2 FAA funded (Entitlement Funds) projects:

- AIP 38 Airport Layout Plan update (completion), and AIP 39 South development (Taxiway/Apron) design.
 Kenny met with the FAA regarding AIP 39 and has pushed up the design and planning of the South development area.
- The 2 Airport funded projects include the new hangar (\$8.5 million from TEX and \$10 million from the SIP Loan), the addition of the SRE building (\$2.1 million), and the new campus water treatment/pump system (\$500,00).
- There was discussion on Entitlement Funds and how they are paid out. The first year of 10,000 enplanements was 2022 and the \$1 million for 2022 will be received in 2024.
- There is an additional \$1 million available under the BIL program
- Colorado Aviation Discretionary Grant (CDAG) of \$500,00 for the Snow Removal Equipment storage area to be constructed with the Hangar project.
- Although a long shot, Kenny submitted a BIL grant request for \$20 million for terminal improvements.
- Other Capital Budget line items include: parking lot improvements/maintenance, terminal maintenance, and new equipment.
- Kenny presented concept renderings of the new hangar.

The 2024 Budget will be proposed for Authority Board approval at the December 14, 2023 meeting.

D. Committee Reports

- 1. Noise Abatement Kenny Maenpa reported that Jake Burns (Wilson Mesa) is back in town and most complaints are generated by him. Kris Holstrom said that there are still quite a few early morning flights over Hastings Mesa. Clifford Hanson asked about a report or tracking on popular destinations in and out from TEX. Kenny will get the data together for 2023. The airport rarely receives noise complaints on Military aircraft traffic at TEX because military operations are usually in the middle of the day.
- 2. Planning Committee Mick Francis, Gary Bash and Kenny Maenpa met this morning.
- 3. Marketing Committee No meeting.
- 4. Finance Committee No meeting.

E. Colorado Flight Alliance Report – Skinner

Matt Skinner reported that the DAC numbers for the summer were almost dead even with last year. DAC will have the same schedule for the 23-24 season. Matt is still having conversations with Alternate carriers, as well as alternate routes and aircraft. Winter bookings are flat or a little down, which reflects the numbers across the West.

4. Airport Manager Report – Kenny Maenpa

- A. New Hangar Update
- B. The utility relocation with Black Hills Energy and SMPA has been initiated. Work is scheduled to start 11/27 and be a 5-day project.

- C. The new hangar design is 95% complete. The next step is the construction phase scheduled to be in front of the Board for approval in March 2024. Groundbreaking is tentatively scheduled for May 2024. Kenny is updating the Airport Master Plan with the County Planning Commission scheduled for December 14th. Updates include the hew hangar and the campus water facility as well as the South side development with future hangar development.
- D. The D&O insurance policy has been renewed.
- E. Kenny has engaged a Cyber-Security Assessment company. The company is working with Brian Morgan (Telluride Bytes) and Matt Donnelly (Mitchell and Company). There was discussion regarding credit card transactions and liability, and the installation of more security cameras.
- New Business
 Engineering Master Agreement for Professional Services
 After the August advertisement, five firms submitted SOQs and Dibble Engineering was selected.

Motion

Gary Bash motioned to approve the Master Engineering Agreement with Dibble Engineering. Jenifer Vogel seconded the motion. Motion passed 9-0.

Lars Carlson (TOT) will be leaving the Board as his service on the TOT Town Council has termed out.
